## Love INC of Treasure Valley Donation Statement

Love INC's mission is to mobilize church volunteers to transform lives and communities in the name of Christ. We rely upon volunteers to do most of the work required to process the donations we receive. We want your treasures and believe that the end product should reflect the value we see in the people we assist and believe they should receive workable product that is not damaged, stained or broken.

In addition to giving product away, we sell quality donations in our resale store, The Grace Place, which allows us to offer beautiful merchandise at affordable prices. All monies from the store are channeled back into the ministry and are not used to buy parts or pay for repairs from other businesses.

Product that does not meet our standard takes a lot of work to sort out. We then must haul it to other organizations who can use it or we take it to the landfill, which costs money, time and wear and tear on our vehicles and trailers. We need to reduce the weekly trips to the landfill and appreciate your support towards this effort. Quality donations are critical to our mission and increase our ability to do ministry. Poor donations take valuable time and resources, hampering our mission to serve others.

We appreciate you making critical decisions about your donated items before you bring them to us, so together we can achieve our goals and honor God. Thank you for understanding.

### Donation Standards

Thank you for thinking of Love INC for your donation. Quality donations are very important to the ministry of Love INC. To steward our resources well and due to rising gas and trash disposal costs, please follow these donation standards:

- Furniture does not have stains, tears, pet damage, or pet hair on fabric, faux leather, or leather material and all moving parts are operational and complete.
- Wood furniture is complete or has antique value and relatively free of scratches with no pet damage.
- Mattresses/box springs are in good condition, newer than 8 years and don't have stains, tears or pet damage.
- Appliances (electric only) are in working order with all parts present.
- Clothes and coats should be in good condition and not in need of repair.
